

# ARIYAN GHOSH

## STUDENT

A highly motivated B.Tech student in Artificial Intelligence and Machine Learning with a strong foundation in programming and data analysis. Combining technical expertise with a creative approach developed through years of experience as an artist, I am eager to apply my problem-solving skills and unique perspective to innovative AI solutions. Seeking an opportunity to gain hands-on experience in a role that allows me to contribute both technically and creatively.

## Education

### Pre university in-

### India International school

Really Great School

2021-2023

Asansol, West Bengal

### Continuing

### Bachelor of Technology

### CMR UNIVERSITY

Really Great University

2023-2027

Bangalore, Karnataka

## Skills

Organized

Communication

Teamwork

Meeting deadlines

Critical thinking

## Technical skills

[currently learning]

- Programming languages: Java, HTML, C++, and Python
- Tools for AI and ML: TensorFlow, Keras and Scikit-Learn
- Data Science & Visualization: Seaborn, Matplotlib, NumPy, and Pandas.
- Additional technical abilities include feature engineering, data analysis, Jupyter Notebooks, Git, and SQL.

## PROJECT EXPERIENCE

- System for managing libraries [in progress]

Developing a system with features like books availability status, books location tracking, and librarian assistance.

- Sanitary pad vending machine for university girl students

Designed a user-friendly interface to provide easy access to all the females. was in charge of the product's graphic design and prototype.

## certification

- Python Programming Foundations
- introduction to machine learning
- oracle SQL
- Machine learning algorithm

## Language

English

Hindi

Benagli

kanada
